OREGON GLADIOLUS

Planting Time 1949

READ THIS BEFORE ORDERING

We exercise the greatest care to see that only the first quality stock is shipped out, but in keeping with the trade customs, we cannot guarantee the growth or productiveness due to the varying climatic and soil conditions throughout the country.

Our acres, and acres of Glads are hand planted, hand dug, hand cleaned and counted. They are not mutilated or bruised by machinery. This is your insurance of quality and sure-fire growth.

Prompt ordering is advisable, as there seems to be a shortage of the two top sizes in most good commercial varieties. Of course, the wise and thrifty buyer knows by now, that the No. 3 and No. 4 bulbs, properly cared for, are the best buy for two reasons: namely - about one-half the cost of No. 1 size, and about one-half the transportation charges per 100.

TERMS

Net cash before shipment; or 25 per cent deposit will hold orders until shipment. Orders not fully paid will be sent C. O. D. for the balance, at the time for shipment to your locality.

THRIP

The bulbs are guaranteed free from thrip, as we treat our bulbs in storage with 10 per cent D. D. T. and cyanide gas too. There is no need to treat bulbs received from us unless they have come in close contact to some that are infested. Be safe and treat yours too with 10 per cent D. D. T. dust. Prices on this can be found in another part of the catalog.

ORDER CHANGES

It sometimes happens that we are out of the size you order, but have other sizes in the same variety. Please state if you wish us to send another size or variety if out of what you order. You will always receive liberal value for any change. Many of our customers are delighted at the extras in the form of overcount and newer kinds that are included for trial. And if you send us the names, along with your order, of friends that grow 500 or more Glads - well we just try to outdo ourselves in giving extras.

SHIPMENT

All orders are sold with the understanding that the transportation charges will be C. O. D.—that means F. O. B. Portland, Ore.

A service charge of 35 cents will be made on orders of less than \$3.00 as they cannot be filled and shipped at a profit.

Orders of \$10.00 or more may be sent at anytime in the U. S. by railway express. Those held for spring delivery will be shipped as weather permits. Local and Pacific coast orders may be shipped anytime desired.

We advise Railway Express shipment as congested conditions cause long delays if sent via freight. Auto freight has proven very satisfactory for Pacific coast orders of 100 lbs. or more.

POOL CAR SHIPMENTS

During the months of February and March, the growers of Oregon bulbs will have pool car shipment available. This of course applies only to orders of 75 lbs. or more and saves approximately one-third the transportation charges. These cars are unloaded in Chicago and an eastern city—probably Pittsburg, or Philadelphia. Any one interested in securing their orders by this method, should write POOL CAR SHIPMENT in large letters at the bottom of

the order. We will then bill you direct for the pool car charges, as these shipments must all be prepaid to point of distribution; from there, they will be reshipped via express or auto freight, whichever you suggest.

WHOLESALE PRICES

Write in for special quotations (on orders of 5,000 or more) and we will quote promptly, providing we have the stock available. For lots up to 1,000 of each variety and size, use this list. 10% discount is allowed on lots of 250 or more, one size, one variety.
